MILWAUKEE:

FRIDAY:..................MAY 12.

For President in 1856,
JOHN P. HALE, of New York.
FOR VICE-PRESIDENT,
GEORGE W. JULIAN, of Indiana.

THE Beloit Journal has strong hopes of a *Whig* triumph in this State. It says:

"Gov. Barstow and his administration are deservedly unpopular with the people, and we hope, hereafter, to have something to do in recommending more worthy *Whig* successors."

The italics are its own.

Those who look for a cordial coöperation of the Whig press in a union of all honest men in one party, opposed to the extension of Slavery, and the encroachments of the Slave Power, we think, will be disappointed. The old game is to be played over. Northern Anti-Slavery Whigs will be transferred to Baltimore and Slavery. Northern Whig leaders are resolved on another National Whig Convention, in the vain hope of coaxing Southern Whigs to yield their demands in behalf of Slavery. How likely they are to succeed, may be inferred from the course of Southern Whigs on the Nebraska question.

EX-SENATOR BRIGGS justifies himself for his vote of acquittal in the Impeachment trial, by saying that he "had as associates eleven other members of the Senate, who were, as a body, as intelligent, upright and incorruptible as any equal number of men I ever met or ever expect to meet."

What they were as a body, we will not undertake to say, but if Mr. Briggs has ever read the Reed letter, he must have a very low opinion of human intelligence, if he thinks the co-partnership of *all* his associates adds any strength to his own position.

We would ask Mr. Briggs, if the twelve members of the Senate who voted *guilty*, were not "as intelligent, upright and incorruptible" as his "associates," who so outraged public sentiment, public justice and public morality, by their vote of acquittal. The character of men is *good* capital, but it will not outweigh the evidence of deeds.

THE Wisconsin and *News* are having quite a controversy as to which has the largest circulation. The Wisconsin claims the palm, because having made investigation, it learns that the News carrier West of the river distributes but 18 copies, the carrier in the First and part of the Third Wards distributes 71, and the remaining carrier but 54—making 133 in all. It *had* 134 patrons and dead heads, but Prof. EPPS having withdrawn his subscription it now manages to drop 133 copies about town, some of which are never opened. Pretty sensible people live in Milwukee, and but few of them having relatives *in inferno*, they don't feel any interest in reading the Satanic organ.

THE Satanic pleads in bar of indictment, that a decision has been had in New York, under a Statute like ours, that advertising Lottery Gambling is not an offense.

The Sentinel and Wisconsin were both indicted and fined $50 each, for just such an offence against the Statute as the Satanic is committing. The editor of the Satanic need not hope to play the devil with impunity here, if he did in New York. He hopes he shant be made a scape goat for us. We hope so, too. When we make a sin-offering, we wish to make one that will not aggravate our original offenses. The old Mosaic law of atonement made it a mortal sin to present an unclean animal as a sin-offering.

QUITE an excitement was occasioned at Montreal, on the 3rd inst., on a motion to adjourn the Court, on account of its being fast day to pray for the success of the British arms against Russia.

Justice Mondelet declared, with much vehemence, that "*they were a parcel of murderers, deliberately going out to cut each other's throats*; that he did not care which party got their throats cut, and that he would never consent to an adjournment to pray for such people."

His brethren on the bench did not concur with him, and the Court was adjourned. But English patriotism and piety were greatly shocked.

GEN. ISAAC E. CRARY, of Marshall, Michigan, and a distinguished Democratic politician of that State, died on the morning of the 8th inst. He was a native of Connecticut, emigrated to Michigan in 1830, and was admitted to the bar soon after arriving there. He was a member of the Convention which formed the first Constitution of the State, in 1835, and was elected to Congress in the same year.

WE are under obligations to Senator Dodge and Hon. J. B. Macy for Congressional speeches. Senator Dodge, as far as we can learn, appears desirous to have his constituents read all sides.

Mr. Wells has distributed a pretty good sprinkling of Nebraska speeches in his District.

A Southerner was relieved of $300 in cash and sundry notes, while taking a whiskey nap in a house of ill-fame, at New York, last week, but when the guilty parties were arrested, he refused to appear against them, preferring to pocket his loss to an exposure of his name.

THE Oshkosh Courier warns the Whigs and people generally not to unite and make common cause against the encroachments of the Slave Power, lest it should over-turn present party arrangements.

STATE LUNATIC ASYLUM.—The Madison *Journal* says it cannot learn as anything has yet been done in regard to locating this institution.

Eight *acres* of freight are said to be piled up at Toledo, about two acres of which belong to our Milwaukee merchants.

FOURTEEN HUNDRED Revolutionary soldiers yet survive.

A New Field for Fillibustering.

Brazil is the only independent power on the Western Continent to which the Slave Power can look to aid them in their warfare against the civilized world, in defense of Slavery.

Some three years ago a pamphlet was circulated calling attention to the great natural resources of the Amazon Valley. Two editions of it were printed, one for the North and the other for the South, but the appeal in behalf of Slavery was omitted in the Northern editions.

The Government finally sent out an exploring expedition under Lieut. Herndon, and his report, printed by order of Congress, contains the following statements:

"I can imagine the waking-up of the people on the event of the establishment of steamboat navigation on the Amazon. I fancy I can hear the crash of the forest falling to make room for the *cultivation of cotton*, cocoa, *rice* and *sugar*, and the sharp shriek of the saw, cutting into boards the beautiful and valuable wood of the country.

"We, more than any other people, are interested in the opening of this navigation. As has been before stated, the trade of this region *must* pass by *our* doors, and mingle and exchange with the products of *our* Mississippi valley."

"Descending toward the plain, and only for a few miles, the eye of the traveller from the temperate zone is held with wonder and delight by the beautiful and strange productions of the torrid. He sees for the first time the symmetrical coffee-bush, rich with its dark green leaves, its pure white blossoms, and its gay, red fruit. The prolific plantain, with its great waving fan-like leaf, and immense pendant branches of golden looking fruit, enchains his attention.—*The sugar cane waves in rank luxuriance before him, and if he be familiar with Southern plantations, his heart swells with emotion as the gay yellow blossom and white ball of the cotton sets before his mind's eye the familiar scenes of home.*

* * * * * *

"The citizens of the United States are, of all foreign people, most interested in the free navigation of the Amazon. We, as in comparison with other foreigners, would reap the lion's share of the advantages to be derived from it.—We would fear no competition. Our geographical position, the wind of heaven, and the currents of the ocean, are our potential auxiliaries. * * * * *

"I am under the impression that, were Brazil to throw off a causeless jealousy, and a puerile fear of our people, and invite settlers to the Valley of the Amazon, there might be found, *among our Southern planters*, men, who, *looking with apprehension*, (if not for themselves, at least for their children,) *to the state of affairs as regards slavery at home*, would, under sufficient guarantees, remove their slaves to that country, cultivate its lands, draw out its resources, and prodigiously augment the power and wealth of Brazil.

"The negro slave seems very happy in Brazil. This is remarked by all foreigners; and many times in Para was a group of merry, chattering, happy-looking black women, bringing their baskets of washed clothes from the spring, pointed out to me, *that I might notice the evils of slavery.*

The Washington Union has done its part to further this Grand Scheme to get a foot-hold in South America for the Southern chivalry, and a writer in the *Southern Standard* thus boldly develops the plans of the Slaveholders:

"A general rupture in Europe would force upon us the undisputed sway of the Gulf of Mexico and the West Indies, with all their rich and mighty productions. Guided by our genius and enterprise, a new world would rise there, as it did before under the genius of Columbus. With Cuba and St. Domingo, we could control the productions of the tropics, and with them, the commerce of the world, and *with that*, the power of the world.

Our true policy is to look to Brazil as the next great slave power, and as the government that is to direct or license the development of the country drained by the Amazon. Instead of courting England, we should look to Brazil or the West Indies. The time will come when a treaty of commerce and alliance with Brazil will give us the control over the Gulf of Mexico and its border countries, together with the Islands, and the consequence of this will place African slavery beyond the reach of fanaticism at home or abroad. These two great slave powers now hold more undeveloped territory than any two other governments, and they ought to guard and strengthen their mutual interests by acting together in strict harmony and concert. Considering our vast resources, and the mighty commerce that is about to expand upon the bosom of the two countries, if we act together by treaty, *we can not only preserve domestic servitude*, but we can defy the power of the world.

"With firmness and judgment, we can open up the African slave emigration again—to people the noble region of the tropics. We can boldly defend this upon the most enlarged system of philanthropy. It is far better for the wild races of Africa themselves. Look at the three millions in the United States, who have had the blessings, not only of civilization, but of Christianity. Can any man pretend to say they would have been better off in the barbarian state of their native wildness? And has not the attempt to suppress, by force, this emigration, increased the horrors of the 'middle passage' tenfold? The good old Las Casas, 1519, was the first to advise Spain to import Africans to her colonies, as a substitute for the poor Indians, who, from their peculiar nature, were totally unsuited to bear the labors of slavery.—Experience has shown his scheme was founded in wise and Christian philanthropy. Millions of the black men yet unborn will rise up to bless his benevolent memory. The time is coming when we will boldly defend this emigration before the world. The hypocritical cant and whining morality of the latter-day saints will die away before the majesty of commerce, and the power of those vast productions which are to spring from the cultivation and full development of the mighty tropical regions in our own hemisphere. If it be mercy to give the grain growing sections of America, to the poor and hungry of Europe, why not open up the tropics to the poor African? The one region is as eminently suited to them as the other is to the white race. There is as much philanthropy in one as the other. We have been too long governed by psalm-singing school-masters from the North. It is time to think for ourselves.

"The folly commenced in our own government uniting with Great Britain to declare slave importation piracy. Piracy is a crime on the high seas, arising under the law of nations, and it is as well defined by those laws, as murder is at common law. And for two nations to attempt to make that piracy which is not so, under the law of nations, is an absurdity. You might as well declare it burglary or arson, or anything else. And we have ever since, by a joint fleet with Great Britain on the coast of Africa, been struggling to enforce this miserable blunder.

"The time will come that all the Islands and regions suited to African slavery, between us and Brazil, will fall under the control of these two slave powers, in some shape or other, either by treaty or actual possession of the one government or the other. And the statesman who closes his eyes to these results, has but a very small view of the great questions and interests that are looming up in the future. In a few years, there will be no investment for the two hundred millions, in the annual increase of gold on a large scale, so profitable and so necessary, as the development and cultivation of the tropical regions, now slumbering in rank and wild luxuriance. If the slaveholding race in these States are but true to themselves, they have a great destiny before them."

And this is the end, of which the Nebraska bill is but the beginning. And yet northern politicians are hesitating as to the policy of uniting irrespective of party, to defeat these wicked and diabolical schemes.

Slavery and the Slave Trade proposed, and openly advocated as the policy of this Government!

AUSTRALIA AND CALIFORNIA NEWS.—The steamer *George Law* arrived at New York on the 9th inst., with dates from Callao to the 11th ult., and Australia to Feb. 21st.

$500,000 worth of property had been destroyed by fire at Hobartstown.

Mining affairs prosperous. A monster nugget had een found near Melbourne, weighing over 52 pounds, almost pure. Price of gold, 77s 6d.

The steamers *New Orleans* and *Norfolk* were lying at Sydney unsold.

Emigration still active between Australia and Peru.

The *Star of the West* arrived at New York on the 8th inst., with California dates to the 15th ult. She brought 615 passengers, $1,116,947 on freight, and $800,000 in the hands of passengers.

Walker had been convicted of fillibastiering and sentenced to pay a fine of $1,500. Emory plead guilty of the same offence and was fined the same amount.

The Mexican Consul was indicted on the 3d, for violating the neutrality law by enlisting soldiers for Mexico.

Shocks of an earthquake were felt at San Francisco on the 10th.

It is said that another attempt will be made this session to elect a U. S. Senator.

City election in Sacramento resulted in a Whig victory.

News from Mexico interesting. Santa Anna blockaded port of Acapulco, and the Government troops and the Revolutionary party were fighting. The steamer *John L. Stephens* fired at and not allowed to communicate with the shore. Santa Anna, with an army variously estimated at from 3000 to 5000, was encamped in the neighborhood, and it was expected he would make an attack on the town during the night.

The Ward Tragedy.

The excitement at the acquittal of Ward still continues:

The Louisville *Courier* of Wednesday contains a dispatch from Cannelton, Ky., stating that 'Matt. Ward, accompanied by his wife and brother, arrived here on the 'Jas. Park!' They went on board the boat at West Point, at 12 o'clock on Saturday night. Considerable excitement exists among the citizens, and it is proposed to address Mr. Ward a letter requesting him to leave the town. No violence will be used, our citizens wishing merely to frown down the man who coolly and deliberately took the life of one, whom to know was to love. Mr. Ward is the guest while here of John I. Rey, Esq.'

At Cynthia, Harrison Co., the jury, judges, &c., were hung in effigy, and at many points throughout the State, indignation meetings have been, and are being, held. There is a true 'chivalry' in the breasts of Kentucky *yeoman*. Prentice, of the Louisville *Journal*, is catching it right and left. He is denounced as the sycophant and pet of the aristocracy, and his effigy has also been committed to the flames. There seems to be but one opinion as to Crittenden—that he *must* resign. Will he?

The *Courier* says: We were shown yesterday evening the Pewter Cup designed as a testimonial to Mr. Wolfe, for his services in the abuse of the citizens of Louisville, during the Ward trial. It is most handsomely gotten up and engraved with suitable inscriptions. The 'Bloodhounds of Portland' are the donors of this pewter cup.

The fund for a monument to Prof. Butler, and for the assistance of his widow and child, is increasing to a large sum.

The demands for places of residence and business situations was never more active in Fond du Lac than this Spring. We understand that there are scarcely any vacant houses to be rented in the city. New ones are springing up with great rapidity in all parts of the town, and it is to be hoped that no new comer will be obliged to leave town because of the scarcity of places of abode.—*Fond. Herald.*

LARGE EGG.—Great bragging is made in the papers about the products of *Shanghais* and other foreign hens, but Mr. F. J. Jackson, of Bristol, to vindicate the honor of Wisconsin, and the old venerated race of dung-hills, sends us an egg, from a common hen, measuring *seven and a half* inches by *six and a quarter* inches, in circumference.—*Kenosha Tel.*

A Vegetable Prodigy.—While on our way from Appleton to Menasha, on Friday of last week (May 5th,) our attention was attracted by the thrifty appearance of some of the vegetation by the way side. We got out of the carriage and broke off a shoot of white elder which measured 26 inches and a half, all, of this spring's growth.—*Fond. Herald.*

FIRE AT KENOSHA.—The fire at Kenosha, on Tuesday last, destroyed the following buildings:

Mr. Crosit's wagon shop and blacksmith shop, with two small dwellings adjoining, belonging to him; two buildings belonging to Mrs. Daniels; the washboard factory of Yates & Chisholm; a part of Mr. Glover's lumber yard; and the Durkee House barn.

Mr. Durkee's loss is $400; Mr. Crosit's $3,000; Messrs. Yates & Chisholm's $900; Mr. E. M. Kieney's (who owned the building occupied by Yates & Chisholm) $500; Mr. Glover's $900; and Mrs. Daniels' $400.

DESTRUCTIVE CONFLAGRATION!—THIRTY-FIVE HORSES BURNT!!—A terrible fire occurred at Terre Haute, Indiana, on the 6th inst. The livery stable of N. P. Tallmadge, containing 19 horses and a large number of carriages, a stable adjoining, in which were 16 stage horses, a three-story frame hotel—known as the Prairie City Hotel—two carriage shops, a blacksmith shop, and a number of sheds and outhouses, were all consumed.

PACIFIC RAILROAD AID FROM ST. LOUIS.—On Monday last the voters of St. Louis county decided in favor of taxing themselves $1,200,000 for the building of the Pacific Railroad.—The following was the result in the city, including one precinct:

For the Tax	3,740

RAILROAD TO MADISON.—Yesterday the track of this road was laid within a mile of Madison, and the iron horse was in sight of that place. The citizens of Madison met last night to make arrangements for celebrating the opening of the road to that point.

FATAL ACCIDENT.—An accident occurred on the Great Western Railroad, on Sunday night, by which a man named John O'Huran lost his life.

SEVEN PRISONERS were taken to the Alton Penitentiary from Chicago on Wednesday last.

FOX & WISCONSIN RIVER IMPROVEMENT.—The Fond du Lac *Herald*, in a lengthy article on this work, says:

"It is very generally understood that steam boats are now making their daily trips from Green Bay to Kaukauna a distance of 20 miles. From this place to Menasha 15 miles, passengers and freight have to be transported by land over plank road. Along this 15 miles are numerous rapids around which canals have to be made, and here it is that the heaviest work is to be done. At Kaukauna the canal is about a mile and a quarter in length, and a fall of about 50 feet to be overcome, which is done by six locks. These are now nearly ready to be put in—pits all dug, and abutments nearly completed, with a goodly supply of men employed.

At Little Chute, four miles above, another canal of about a mile in length, with four locks, is in a forward state of progress, and at Grand Chute the excavation for about a mile of canal, is nearly completed, a breakwater of 700 feet built, and the lock pits and abutments progressing as fast as men can be employed to push it forward. At Menasha the requisite force has not yet been put on; but it is expected that the work on this section, leading into lake Winnebago, will soon be again renewed, and the whole completed so as to be ready for the opening of navigation in the spring of 1855.

The whole length of canal necessary to secure a steamboat communication with Lake Winnebago, is about 5 miles. It is 100 feet wide on the bottom, and 120 at the top, (two feet wider than the famous Welland Canal.)—The locks are 40 ft. wide by 160 long, built in the most permanent manner, of solid stone masonry, and in a style that will not suffer in comparison with any similar work in the eastern states. It is calculated, that, with the improved manner of working these locks, a steamer can pass each in the short space of three minutes."

PLANK ROADS—*Western Line.*—We are informed the Waupun, Fond du Lac and Forest Plank Road Company have located a branch from their road, to cross the east branch of the river near the 4 mile House, on the military road, and run thence on the recent laid out road as near as practicable, towards Mayville, passing through Avoca and ascending the ledge a little east of Orvis' Mill, then to take the present travelled road, laid out on the section line running south between the towns of Byron and Oakfield. We understand from gentlemen in Mayville that they are ready to take hold at once and meet the Fond du Lac Company, by building out from Mayville, north, and meet this road. It is the intention of this company, if sufficient encouragement is offered by subscriptions of Stock, to push the work ahead as fast as possible.

Eastern Line.—The Waupun, Fond du Lac and Forest Plank Road Company, at the last meeting of Directors, adopted a route running easterly as a continuation of their road, to run through sections 14 and 13, near the quarter line, leaving the exact location to the competition of persons interested in the building of said road. Whichever line subscribes the most stock, on that route it will be located and the work commenced as soon as the funds so subscribed are available.—*Fond. Herald.*

Just Sentiment.

The Fond du Lac *Freeman* in speaking of candidates for Congress, says:

"The true friends of freedom, if they would truly subserve its great interests, should vote for such men, and such only, as equivocally repudiate connection with parties that are controlled by the slave power. We ask for no interference by pro-slavery parties or men, to furnish us a candidate to represent us in Congress.—We do not admit the right of any pro-slavery party to dictate who the candidate shall be; neither shall we submit to any such dictation. We look upon those who have hitherto acted in pro-slavery parties, but have become convinced of their inherent corruption, and had the straight forward integrity to dissolve their connection with despotism, as amply competent to find a Representative of their principles, without the aid of anybody, who has such an illogical mind as to think satan will cast out satan, or in other words that slave-holders can be used as instruments to abolish slavery."

IMPORTANT DECISION.—Judge Betts, in the U. S. District Court at New York, has just rendered an important decision in relation to the arrest of fugitives from labor. John Van Orden, an apprentice to a citizen of New Jersey, fled from that State to New York. He was arrested and brought before a U. S. Commissioner, under the Fugitive Slave Law of 1850, but after an explanation he was discharged. The Commissioner decided that the law of 1793, and 1850, did not apply to the case of a white person bound as an apprentice. The complainant carried the matter to the U. S. District Court, and there moved for a writ of *certiorari*. After a full hearing, Judge Betts sustained the decision of the Commissioner and refused the application.

CHICAGO & MILWAUKEE RAILROAD.—A meeting of the Directors of the above Company was held at their office in this city yesterday, for the examination of estimates and for other business. We learn that a forfeiture was declared of all stocks and the payments thereon, on which the instalment due the 1st of May was not paid. The stock thus forfeited, we understand, is inconsiderable in amount. The grading upon this road is completed a distance of ten miles, and the work is being prosecuted with an efficient force of men.—*Chicago Dem. Press.*

CHOLERA IN MISSOURI.—The Glasgow *Times* says that the cholera has made it appearance in some of the river towns. Several deaths have taken place at Arrow Rock, and the disease had broken out out Gilliam's Tobacco Steamery, in Brunswick. It is said that there were eleven cases and seven deaths.

A GOOD CHANCE FOR PRINTERS.

HAVING real estate which requires my constant attention, and prevents my attending to the mechanical department of my Printing Office, I am induced to offer it for sale. Three hundred dollars worth of new type has been added within the last three months, and the Job Work and Advertising is as good as any in the interior of the State. Our city contains 6000 inhabitants, with a prospect of doubling in two years. It is the best position in the State for an industrious and go-ahead printer to establish himself in business. We have done well for the last four years. The Register is published on the advance system, Independent and Progressive, and is firmly established. Our services in the editorial department can be had if desired. Our only reason for selling is because our other property requires the most of our time. Price $1200. Address,

ADVICE TO YOUNG MEN —We clip the following from the Sandusky *Mirror*, though we doubt if the editor of that sheet can claim its paternity If he can, he had better look out, or Barnum will be after him

"Young man, if a fair damsel jilts you, don't take to charcoal fumes, hemp or arsenic, but just take your hat, a stout heart and firm purpose, and lay siege to the impregnable affections of some other female institution Show the damsel that some folks are equal to some folks any how After that, call a cab and go to the parson

LARGE CALVES —A B Carpenter, Esq., of this village, owns a pair of twin Durham calves, which, for size and beauty, it will be hard to beat They are perfectly white, can be distinguished from each other with difficulty, and their weight as determined a few days since, was 1,600 pounds, their weight differing but 12 pounds They are not yet a year old —*Beloit Journal*

From Washington.

WASHINGTON, May 7 —An official copy of the new treaty or convention with Mexico, was only communicated to General Almonte, the Mexican Minister, yesterday. He at once despatched two messengers, for fear one should get sick, with the copy to meet the steamer at New Orleans of the 14th inst, and proceed with it to Santa Anna They left last night

The Fulton left the Navy Yard here for Norfolk, where she is to wait for General Gadsden, who will take the treaty itself to Santa Anna

There is no doubt whatever but that Santa Anna will accept the terms offered He has already hypothecated three millions of the indemnity The excitement of General Almonte to get an official copy of the treaty, shows how the wind blows

The pinch of the affair will come on when Santa Anna agrees to the Convention, and Congress is asked for the money The prospect is at present very dubious

The action of the Secretary of the Navy, in recalling the Japan expedition, meets with the unqualified approval of Congress

It is believed the President will send in a message with regard to our relations with Spain, in a very short time, of a highly belligerent character

WASHINGTON, May 8th —SENATE —Senator Douglas presented a memorial signed by five hundred clergymen residing at the North and West, protesting as citizens against the passage of the Nebraska bill

Mr D upon presentation of the memorial made some remarks, in which he defended his Chicago letter, and he commenced an attack upon clergymen in general, for their interference in political affairs He was particularly severe upon a sermon delivered by Rev Dr Richardson, of Chicago

DETROIT LADIES —Our friends abroad may, perhaps, be surprised to learn that a large number of our ladies *make their own boots* When visiting a lady of the ton, it is a very common thing to find her busy with last, awl, waxed-ends, pincers, and all the et cetera that compose the *kit* of the boot maker So skilfully do the delicate hands execute their work, that it rivals in elegance and neatness the shoes which are purchased at the stores Two or three pairs of boots can be made in a day, and though about two dollars are husbanded on each pair, this avocation is resorted to by many of the affluent merely from a sense of duty they owe to their sovereign, Fashion The result of this useful employment is that the fair sex of Detroit will be proverbial for wearing the most elegant boots, and having the prettiest feet in the Union The ladies of New York and Boston, and other eastern cities, must look to their laurels —*Detroit Advertiser*

"Thrip" is the name proposed for the Three Cent pieces for short —*Ozaukee Times*

"Thrip" is the name first given by the Daily Sentinel,—*Columbus Reporter*

Now we most earnestly and sincerely protest against suffering any such robbery of laurels as this, from the brow where they rightfully belong Everybody in Chicago knows that the term "*Thrip*" was invented, after much labor by a certain editor of our own city, and to him deserves all the honor connected with it It is true that the name is an inharmonious and inexpressive one, and will never come into use, but we believe in giving the *Deacon* as well the *Devil* his due, and must insist that "his honor be not given to another" Do not rob the deacon!—*Chicago Tribune*

We understand that some boys, while bathing on Saturday last, near the bridge of the B & M R R, discovered a foundling concealed in the river —*Beloit Journal*

The sugar makers of Syracuse hold a convention this week

THE FAR-FAMED MEDICINE!
HOLLOWAY'S PILLS!
THESE PILLS being composed entirely of medicinal herbs are of a most harmless nature, while the extraordinary virtues they possess have rendered them universally popular in nearly every part of the world The immense success they have met with throughout the States is chiefly [illegible] owing it is presumed, to their wonderful efficacy in the cure of Bilious complaints and disorders of the Liver and Stomach Persons who persevere in using them in accordance with the directions, seldom fail in being restored to health
Weakness and Debility — Restoration to Health of a Gentleman aged 15, when at Death's Door
Copy of a Letter from the Rev Charles Smith dated Norton St Philips near Bath Somersetshire Aug 17 1853.
To PROFESSOR HOLLOWAY—
Sir A Mr Joseph Lyus, formerly a resident of this place had been in a declining state of health for upward of three years, gradually wasting away to a shadow by nightly perspirations and want of appetite, which caused great uneasiness to his friends who had consulted various medical men in Bath without effect He at last used your Pills and under Providence was restored to health by their means He lately emigrated to New York and has just written to say that he is never better in health, and desired me to acquaint you with the circumstance I ought also to mention that my wife had derived great benefit from the use of your Pills
I remain Sir, Yours [illegible],
CHAS SMITH Presiding Minister
A Permanent Cure of a Disease of Liver of Many Years' Duration
Copy of a Letter from Mr [illegible], Yeovil to Professor Holloway
Dear Sir In this district your Pills command a more extensive sale than any other proprietary medicine before the public As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case A lady of this town, with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver and digestive organs Her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally created great alarm among her friends and relations and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure This was twelve months ago and she has not experienced any symptoms of relapse and often declares that your Pills have been the means of saving her life I remain Dear Sir yours truly,
July 23d 1853 (Signed) J GAMIS
These celebrated Pills are wonderfully efficacious in the following complaints

Ague	Dropsy	Inflammation	Sore Throats
Asthma	Dysentery	Jaundice	Stone & gravel
Bilious complaints	Erysipelas	Liver Complaints	Secondary symptoms
Blotches on the Skin	Female Irregularities	Lumbago	Tic Douloureux

THE DAISY.

Not worlds on worlds in phalanx deep,
Need we to prove that God is here—
The daisy fresh from Winter's sleep,
Tells of His hand in lines as clear.

For who but He who arched the skies,
And pours the day-spring's living flood,
Wond'rous alike in all He tries,
Could rear the Daisy's purple bud?

Mould its green cup, its wiry stem,
Its fringed border nicely spin,
And cut the gold embossed gem
That, set in silver, gleams within?

And fling it unrestrained and free,
O'er hill and dale and desert sod,
That man, where'er he walks, may see
In every step the stamp of God.

MENTAL AND CORPOREAL PUNISHMENT.—There is a very pretty Persian apologue on the difference between mental and corporeal suffering. A King and his Minister were discussing the subject, and differed in opinion. The Minister maintained the first to be more severe, and to convince his sovereign of it, he took a lamb, broke its leg, shut it up, and put food before it. He took another, shut it up with a strong chain, so that the beast could spring near, but could not seize the lamb, and also put food before him. In the morning he carried the King to see the effect of the experiment. The lamb with the broken leg had eaten all the food placed before him—the other was found dead from fright.

TERRIFIC ELOQUENCE.—At a country debating school, where the question was, "which exerts most influence, love of country, or love of friends?" The leader on the 'country' side, rose and delivered himself as follows:—

"When Washington, with his invincible archers, was preparing to cross the Delaware to attack the preposterous Hessians, was it not he with one hand on his heart, and pointing his flashing blade at the malignant enemy, and reining in his fiery steed, and blowing his fingers to keep them from freezing, for it was very cold, that cried out, 'E. Pluribus Unum' forever?"

He had demolished his opponents in one sentence. The audience was convinced, and Country was declared victorious by an unanimous vote.

Who wrote the following beautiful epitaph on an infant?

Beneath this stone in sweet repose,
Is laid a mother's dearest pride;
A flower that scarce had waked to life
And light and beauty, ere it died.
God in His wisdom has recalled
The precious boon His love had given;
And though the casket moulders here,
The gem is sparkling now in Heaven.

MORTIMORE'S
Rheumatic Compound.

THIS justly celebrated remedial preparation, efficacious in cases for each and every description of RHEUMATIC COMPLAINTS, is already too well known and esteemed in all parts of the United States, to require any lengthy notice of its paramount virtues. It ERADICATES this horrible, painful and distressing disease from the system, and STANDS UNRIVALLED IN THE PHARMACY OF MEDICINE.

We do not propose to make unpublished statements, or to *force* our remedy upon the public, but simply to request those who are affected—THE SUFFERERS THEMSELVES—to procure from the Agent in their vicinity, a circular, and not only read the testimony of those who have experienced its invaluable curative powers, but also to write to, or call upon, the convalescents so that the statements may be traced to the Fountain-Head—a course which will satisfy the most incredulous, and only by which the reputation of the REMEDY is certain of being sustained. Write also to the proprietors, who will accord every information, and furnish a host of undoubted character from every section of the Union, numbering among them some of the most eminent Physicians, Clergymen, Editors, and prominent citizens, rendering the reliability and efficacy of the remedy beyond the reach of doubt or distrust.

Mortimore's Rheumatic Compound,

is a Vegetable Extract, an Internal Remedy, prepared expressly for this *One Disease;* and this it will cure in every form, either Inflammatory (Acute) or Chronic, no matter how long standing.

Sold by H. FESS, Jr., S. JOHNSON, Jr., and LAKE & HOPKINS, Milwaukee.

THE ABOVE HAVE ALSO FOR SALE.

THE GREAT ALTERATIVE,

Many of our most eminent Physicians have thoroughly tested its merits and now prescribe it as the most effective *Alterative and Blood Purifier ever known.*

Neuralgia, Dyspepsia, Palpitation of the Heart, Night Sweats, and Affections of the Lungs, will readily yield to the influence of this unrivalled remedy. Physical Derangements or Irregularities, especially with *Females,* producing debility and Prostration of the system, may be at once obviated and removed by the use of the

Bitter Cordial and Blood Purifier,

which is a *Vegetable Spirit,* pleasant to take and perfectly safe to be used in any state of health, even by the most delicate female or child.

CITY LAND OFFICE.
A DARK DAY IS BEFORE US!

THERE will be an extraordinary Eclipse of the Sun on the 26th day of this present May, 1854, such as none but the oldest inhabitants in this country have witnessed. It will be very much similar to the Great Eclipse of 1806 (which I cannot exactly recollect) but all the cows came home and the chickens went to roost—*so Grand* it was.

But what has the Eclipse to do with Real Estate?—What cares it about Milwaukee? Let not [illegible] slumber; but arouse yourselves and secure homes for yourselves or your families before it is TOO LATE! Every property in Milwaukee will be worth double its present price as soon as all our Railroads are completed, and the great Hotel (which will soon be under way) is built. What made Chicago *what she now is,* and what has increased her property? The Railroads and Hotels! So has Cleveland been benefitted in the same way, and now Milwaukee is to receive her reward. We are bound to have One Hundred Thousand inhabitants before ten years roll around. Nothing can prevent it. Where is a more beautiful city to be found, surrounded by a country densely populated by energetic and thorough Farmers, from all parts of the World—and as for Commercial and Manufacturing facilities, we have no equal this side of the Mountains! Our Water Power! What Western City can compare with us? So now take advice and secure yourselves homes, and be prepared for the Great Real Estate Sale, which comes off June 6th. I would also say to those who want to avail themselves of the benefit of this sale to send in their list of lots before the 15th of May. I want to have my catalogue ready by the 20th.

BOOTH'S INK FOR SCHOOLS.

EAST SAGINAW, Mich., Aug. 29, 1853.

W. W. BOOTH:

Dear Sir—I feel myself to be under weighty obligations to you for the dozen bottles of your *Superior Black Ink.* Several bottles are being used in my school, with most gratifying satisfaction. We hear not that common complaint of "poor pens," which we so often hear where an inferior or ordinary article of ink is used. 'Tis not its jetty, black, and shining smooth surface, alone, that gives it superiority over other articles of the same name, but the readiness with which it always flows from the pen, and the property which effectually prevents metallic pens from corroding, under all ordinary circumstances. I can most cheerfully recommend its introduction into our primary schools as being precisely adapted to the use of children. Respectfully Yours, &c.,
J. O. SELDON, *Principal of Buena Vista Academy, East Saginaw, Mich.*
